A revised estimate for Rs 1.86.565 was sanctioned for the Behar Bridge and a sum of Rs 1.74.559 was spent upon the work up to the end of June 1893 There being no provision in the Budget to meet the balance of Rs 12006 the Executive Engineer requested the Dy Comr of Hazaribagh to obtain Govt sanction to the expenditure of the amount either from D. F or from L. F. General. The Dy Comr solicited sanction to the expenditure being incurred from L. F. El, from which the bridge work was carried out from the commencement. From enquiries made the Comptroller quotes the following authorities sanctioning an expenditure of Rs 1.70.650 from L. F. General.

Sir,

With reference to para 7 of Government Proceedings No 17529-33 / L.F. 203-92, dated 24th April last, deducting a sum of Rs 20,261 being the amount of appropriation for incomplete works of 1891-92 under District Funds, I have the honor to state that in the amount of Rs 20,261, a sum of Rs 5000/ was included as appropriation for the Belur bridge work for which application ought to have been made separately without including the same under District Funds, — Since the grants for this work, have from the beginning been obtained as special grants from Local Funds General. This mistake — having been found out on receipt of the sanctioned

Sanctioned Budget for 1893 94, it was considered by the Board in its meeting on the 27th ultimo and the Board resolved to request Government to remove this item from the list Submitted and to allow this sum of Rs 5000/ to be appropriated for the urgent works demanding attention from a very long time and kept back for want of funds which were included in the Budget Submitted but were struck out on the grounds of funds being insufficient. With the explanation above offered it may be seen that the funds are sufficient including the five thousand rupees which rightly should come from Local Funds General. The provisions would not have been cancelled if this circumstance had been clearly represented when the Budget was Submitted for Sanction. A Copy of the Proceedings has been Submitted with this office No 173 dated 24th Sept and beg to invite attention to — Resolution No 1 in the Matter.

2. Under the urgent works above alluded to Sanction of Estimates for the following works has been refused by the Chief Engineer for want of funds.
